

MARY ANN WILKINSON

Mary Ann is a Vice President at Gen Re LifeHealth. She has several years experience in the design, implementation, and evaluation of medical expense management, administrative services, and managed care programs. Currently, she is responsible for claims management and administrative oversight of business products in the Individual Health Division at Gen Re. Prior to joining Gen Re, she was General Manager of Innovative Clinical Solutions, a third party administrator for MCO's based in Florida. Mary Ann has been responsible for managing operations and contracts for MCOs, PPOs and MSOs.

She has developed utilization management, provider profiling, case management, and disease management programs for both commercial health insurance and Medicare/Medicaid managed care products. Mary Ann is also a registered nurse, with a Bachelor of Science degree.
